Projects around the Club:

More club improvement projects to better improve the club have been completed, including: New windows and front door, new office, sink and island, and especially more room in the lobby!

There's still plenty of work left to tackle, primarily a lot of painting!The lobby will be finished with a new drop ceiling and new lights in the near future.

A thank you to everyone who donated countless hours and materials to bring what was envisioned on the drawing board to reality!

~ Range Operations ~

A new sign with instructions was posted on the outer range door of what to do when you're done shooting. Please be sure to read and follow what's written. This is to ensure range courtesy for shooters after you and also helps board members who have to clean up, thank you!

~ Pa. Hunter-Trapper Ed. ~

The club will hold three more classes this year. The dates are Saturday: October 11th & 25th and November 8th. Time will be from 8:30-4:00. Students may register for a class through the PA. Game Commission's website: www.pgc.state.pa.us. Students will need to provide their own lunch. The club will have beverages and snacks for sale.

~ NRA Training Programs ~

The club is planning on holding a FIRST Steps-Pistol Orientation Class each month, the first class hopefully beginning in November 2014. We're looking at the second Wednesday of each month from 6:30 – 9:30. This will alleviate having a waiting list that could go on for months until a class is planned. We hope this new item will provide those new to firearms a way to become educated and more importantly, safe! Please keep an eye out on our website and e-mails for further information. Specific details TBA.
