Home Range Appreciation Series

Rimefire Sporter Clinic & Match

To fill the void of the unfortunate withdrawal of the 2020 National Matches from the annual schedule, the Civilian Marksmanship Program (CMP) have prepared a solution that will allow all of our competitors to compete with one another during the summer months, from the comfort of their local ranges.

The CMP "Home Range Appreciation Series" is a collection of rifle, pistol, CMP Games, smallbore and air rifle competitions (open to both adult and junior athletes), that will be fired in local club matches and compared against overall scores from around the nation.

These matches are focused on promoting match participation at the local level, and cover a wide range of shooting disciplines, including highpower rifle, pistol, games events, air rifle and smallbore. What makes these matches unique is that the scores from all the matches will be compiled together, and all participants will receive a commemorative t-shirt and coin. At the completion of the match, a fee of \$5.00 per competitor for each event is due to CMP that is covered by your match fee.
